

Job Description

Position: Pastor/Director of CompassKids, South Naperville Campus
Reports to: Campus Pastor – Jon Kalvig
Schedule: Full-time (40+ hours/week); Salaried, Exempt, includes weekends
Employment
Classification: Director/Pastor (D)

Campus Ministry Contribution:

This role is responsible for being the key leader for all Children's Ministry for the South Naperville Campus. This person is the key professional specialist in ministries to children and families and has direct oversight of the philosophies, budgets, employees, lay teams and programming associated with them.

The weekend interface with the congregation is of primary importance, and the role requires this leader to be as engaged as possible in the weekend experience through oversight, leadership development and key relationships. Pastors/Directors are expected to participate regularly in congregational life at The Compass Church, including regular worship service attendance, membership, financial giving and general fellowship.

The position will expand our CompassKids Ministry in alignment with the vision of the church leadership. The goal is to support parents in leading children to a relationship with Christ and to help them understand what it means to follow Him fully all the days of their lives. This work is done through paid staff, lay leaders and volunteer teams to work on evangelism and discipleship for large numbers of children and families.

As a specialist, the Pastor/Director of Children's Ministry will oversee all ministries for and with children Birth to 5th Grade and their parents; both those at the church, and any others in the community with which we can gain spiritual influence. At The Compass Church, we feel we are a secondary influence on these children, and that the parents are the primary spiritual influence. It is vital that this staff person be able to connect with both children and parents.

As a specialist, the Pastor/Director will be overseeing curriculum choices, programmatic decisions and big-picture emphases regarding the philosophy of ministry. This person must understand sound doctrine, child development, principles of teamwork and effective discipleship techniques. This staff person must have a strong understanding of how discipleship happens and the ability to translate that into effective systems for discipling children.

As a generalist, each Pastor/Director is also expected to contribute to the Campus staff team at large, as the group sets the tone for the disciple-making efforts of the Campus. There are some special projects and seasonal initiatives of the church where staff members work in taskforces together to benefit the whole Campus. In addition, Pastors/Directors serve together in a roundtable setting as the South Naperville Campus Leadership team, providing input on the overall direction of the Campus. This team collaborates to make decisions that serve the best interests of both the Campus and the church as a whole; in the end however, each Pastor/Director is given autonomy and authority in their department.
